

Improvised Electro-Jazz-Funk-Space Rock

This was the 2nd we played this cool small boat in Hamburg and it was great once again. We will for sure do it again next year.. IT was a lot of the same audience and we all had a great time. I think we had a better sound this year and the recording is a bit better as well. People were really into it once again and the weather was good. Great time. Enjoy...

Audience recording using an Edirol R-09 and Audio Reality microphones by Dr. Space. The recording is lacking the last 80mins. I am very sorry....
