

Improvised Electro-Jazz-Funk-Space Rock

It had been 4 years since we were last in Stockholm. This was a really cool club and we had a great night. We reunited most of the band that played on the Different Creatures records, for which we were having the LP release party on this night. About 80 people at the concert and we played an excellent show. It was really cool to have sitar at a live show. Enjoy..

Audience recording using a Edirol R-09 and Audio reality Microphones.
