

Improvised Electro-Jazz-Funk-Space Rock

The first time ever to play in the USA. We had the Sunday morning 5am-7am slot. That was tough but about 100 people managed to stay or or sleep and get up to see us play. We played a pretty uptempo show with a lot of killer guitar playing by all the players. Despite a lot of sound issues we managed to do pretty well. The guitars are really low on the first half of the recording and then it all sounds pretty good. Thanks to Evan for inviting us to play.

Audience recording using a Edirol R-09.

The band on this morning was: The band on this night was: Nick- Guitar, Jiri- Bass, Mogens- Synths, Dr Space- Synths, Birk- Drums, Daniel- Guitar, KG- Sitar, Nicklas Guitar
