

## Improvised Electro-Jazz-Funk-Space Rock

What an amazing small festival in the mountains in Switzerland (near Basel). about 1000 people or less but they expected many many more. Lovely and cool people and despite it being 90% trance techno, there were a lot of other interesting artists as well. We fit it perfect and had a great 2hr sunday afternoon show!

Audience recording using an Edirol R-09 by Dr. Space

The band on this day was: Jocke- Guitar, jiri- Bass, Tim- Drums, Dr Space- Synth, Jonathan- Violin, guitar and Mogens- Synths. ores
