

## Improvised Electro-Jazz-Funk-Space Rock

Been many years since we were last in Austria. Our good friend Hubert helped to set up this gig at a club not far from where he lives. Beautiful club and area of Austria but it was really hot and humid there. Crazy... We had a crap meal from the venue and soured the mood and people were pretty unhappy. We tried to put on a good show but a small audience, bad food and all the heat... it was not our best on the tour.

Recorded by Dr Space using an Edirol R-09 and Audio reality microphones.  
The band on this day was: Jonathan- Guitar, Violin, theremin, Jiri- Bass, Tim- Drums, Dr Space- Synth, Vemund- guitar, Mogens- Synths.
