

Improvised Electro-Jazz-Funk-Space Rock

It had been 3 years since we had been back to Stockholm and the Melody Box. Great small venue. First night of our small tour to Sweden and Finland with Black Moon Circle. Automatism would also play this gig. It was a good crowd for a Weds night and we played pretty well. Sadly, Jonathan is far too loud in the mix for most of the concert. not sure what the sound guy was thinking?? Rest of the recording is good. Track 5 is amazing though, a jam for our friend Mathias.

Recorded by Dr Space using an Edirol R-09 and Audio reality microphones.

The band on this night was: Jiri- Bass, Jonathan- Guitar, Theremin, Violin, Vemund- Guitar, Tim- Drums, Mogens- Synths, Dr Space- Synths.
