

Improvised Electro-Jazz-Funk-Space Rock

This was a very short notice show at Woodstock in Christiania to help support the BMC tour. It was mostly Jiri's band Fri Galaxe plus Vemund and I from BMC. Anyway, ØSC played a very cool set fueled by new guitarist Søren, who had never played with us. A lot of different styles were explored. Cool stuff... Enjoy.

Recorded by Dr Space on an Edirol R-09 on top of the modular synth!

The band on this night was: Jiri- Bass, Søren- Guitar, Vemund- Guitar, Martin- Drums, Dr Space- Synths.
